INSTITUTE OF NURSING

UNDER - NAKSHATRA EDUCATIONAL TRUST

Recognised and Affiliated under WBNC & WBUHS

Address :
Rasulpur, Bankura,
West Bengal - 722205

Greetings !

The onus being on holistic preparation of nurses, the Nakshatra Institute Of Nursing was established in the year 2022, with the twin objective of empowering Nurses with quality education and manpower development. The Hon'ble founder president Shaikh Abdus Sabur (President of more than five educational institutes) is the pillar and founder of this institution. The Nakshatra Institute Of Nursing is headed by our Hon'ble Secretary Shaikh Abdus Samad and our enigmatic Administrative director Md Rafiqul Islam.

Nakshatra Institute Of Nursing strives to provide the best nursing education that combines the development of cognitive, affective as well as psychomotor domains of learning by adapting to recent technological advances.

Nowadays, numerous medical training institutes associated with healthcare services have been established all over Indian Continent. But few of them can claim themselves as best since they provide extensive knowledge in this field of education. Nakshatra Institute of Nursing is providing the best nursing Courses in Bankura, an institute founded on the principles of honesty and transparency in both the sectors of Education and Healthcare.

Within a short span of the establishment, the Institution is built on an Eco-friendly campus, own spacious College & Hostel Buildings as per Indian Nursing Council Norms at Rasulpur. Nakshatra Institute Of Nursing embarked upon its mission of preparing nursing cadets to serve the needy nationally.

We offer 3 years Diploma in General Nursing and Midwifery course GNM-Male(3years) and B.Sc. Nursing (4years) for male with highly qualified faculties. Also, we have excellent infrastructure with conducive learning environments like library facilities hostel facilities with all the available amenities to support the students' study, success and achievement.

Be Proud to be Nurse,
serve the humanity

Overview of the Programme

Nursing is a profession within the health care sector focused on the care of individuals, families and communities so they may attain, maintain or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training and scope of practice. Nurses practice in many specialties with differing levels of prescription authority.

Education for the practice of professional nursing demands a substantial knowledge of nursing, drawing the foundation from knowledge of the behavioral and biological sciences. The nursing component includes lectures, laboratory and clinical courses concentrated in every nursing programme. The nursing courses include coursework relevant to professional practice, delivery of nursing care, systems for care delivery and leadership skill development appropriate to current dynamic and diverse health care settings. Clinical courses, offered in both hospital settings and the community, provide students with the opportunity to apply theoretical knowledge to practice.

Nakshatra Institute Of Nursing follows the syllabus laid down by the Indian Nursing Council (INC). The Nursing curriculum allows students to take part in rural and urban health camps; educational field visits, industries etc. This nursing programme is based on education within an academic framework specifically directed to the development of critical thinking skills, competencies and standards required for practice of professional nursing.

Nursing education programmes prepares its graduates into an admirable citizen by adhering to code of ethics and professional conduct at all times in fulfilling their duties....

At the end of the programme, students are well equipped with knowledge and skills to pursue a career in Nursing.

Our Mission

Nakshatra Institute Of Nursing is to prepare excellent health care providers and leaders to transform the lives of persons and communities through innovative education and health care.

- Clinical excellence
- Critical thinking
- Transformative curricula
- Student-Centered learning
- Experiential learning
- Inter-professional collaboration
- Self-refelction.
- Leadership

Our Vision

Nakshatra Institute Of Nursing is a private institution of higher education dedicated exclusively to educating students for the diverse opportunities offered by careers in nursing and other health care fields.

Our Philosophy

Nakshatra Institute Of Nursing flows from the mission of the school and supports the concepts of clinical competence, excellence in education, holistic care, professionalism, evidence-based practice, and lifelong learning.

Objective

- Prepare nursing graduates to assume responsibility in preventive, promotive, curative & rehabilitative care of patients in hospital and community level.
- To meet the requirements of dedicated nurses for various hospitals in India and other countries as well.
- To meet the acute shortage of qualified nursing personnel in the country in general and Uttarakhand State in particular.
- To promote and strengthen the nursing skills for better competence in the nursing profession in general and patient care in particular.
- To produce 'Nurse Administrators and educators in the hospital and in the community for better implementation of National Health Programmes.
- To provide qualified nurses to the country to cope up with advancement in Medical Science and Technology.
- To enable them to get job opportunities at economically better position.

Director's Message

Mr. Shaikh Abdus Sabur

Director
Nakshatra Institute Of Nursing

The "Nakshatra" trust is spreading its wings & has set up a nursing college at Rasulpur. Nakshatra Institute Of Nursing started its journey in January-2021 under Nakshatra trust.

The vision behind the institute is to provide world class nursing education by inculcating moral values and all-round development which enables students from various backgrounds to become true professional in the nursing field. I firmly believe that at Nakshatra Institute Of Nursing , you will be empowered with the best in class education, skill development and thus mould you for a bright future ahead....

I wish best luck of all the students who look forward to embark the journey of their career with Nakshatra Institute Of Nursing, Rasulpur. You may rely on us for charting the best career graph for you.

We have exemplary vision of taking this college to greater heights.

**Happy Learning and
stay blessed at NIN!!!**

Administrator's Message

Remember you are the largest work force in the health care sector. The role of the nurses is very important as you are in the front lines to give care to the patients. I am sure your journey in Nakshatra Institute Of Nursing will be a smooth one. Your hard work and sacrifice will certainly make you a qualified health care professional. As a nurse, you will be called 'angels' and truly to the sick and suffering people you will bring solace and will be an angel.

Md Rafiqul Islam

Administrative Director
Nakshatra Institute Of Nursing

**Welcome to NIN.
God bless.**

After completing a GNM course, there are a variety of paths a graduate can take in order to pursue a career in Nursing. Recruiting organisations include hospitals, nursing homes, NGOs, dispensaries, first-aid clinics, nurse teaching companies, etc.. Some of the major career prospects in Nursing are mentioned.

- **Midwife Nurse**
- **Clinical Nurse**
- **Emergency Care Nurse**
- **Legal Nursing Consultant**
- **Mental Health Carer**
- **Nursing Educator**
- **Child Nurse**
- **Social Worker**
- **Community Nurse**
- **Forensic Nurse**
- **Health Promotion Official**
- **International Opportunities for your Nursing Career.**

Why More Men are Getting Into Nursing

The numbers don't lie: more and more males are getting into the nursing profession. According to a March 2020 article, the four central hospitals in Ohio all saw a marked increase in their number of male nurses. Nationwide, Children's hospitals' ratio of male nurses jumped 66%, while Ohio State University's Wexner Medical Center doubled their rates of male nurses over the past decade. There is also a demand for more male nurses in the healthcare field, as providers and patients alike become aware of the many benefits male-identifying nurses can provide. For instance, the presence of more male-identifying nurses can help ensure that male patients feel represented. And for certain sensitive procedures, patients might prefer a nurse of a certain sex, particularly for procedures such as inserting a catheter, using the bathroom or bedpan, or giving an enema

Benefits of Becoming a Male Nurse

As described in *Minority Nurse Journal*, men are entering into the nursing workforce for a variety of reasons, such as a shift in availability in other traditionally male professions, like the automotive industry. And of course, the benefits to males who want to enter the nursing profession are numerous too, including:

1. **Career Stability:** The demand for Registered Nurses is predicted to exceed 3.19 million by 2024.
2. **Stable Pay:** *Minority Nurse* notes that unemployed men who move into female-dominated careers -- such as nursing -- tend to see a 3.8% rise in their pay.
3. **Career Flexibility:** Nursing is a unique field that allows for part-time, full-time, variable, per diem, or combination shifts. And because many male nurses enter the field mid-career, flexibility may be even more prized.
4. **Travel Opportunities:** Male nurses who are interested in travel can enter the field of travel nursing to try their hand at learning new skills and traveling to new places.
5. **Scholarships for Male Nurses:** There are a variety of scholarships available to prospective male nurses, such as those offered through the American Association of Male Nurses.

Most Popular Specialties for Male Nurses

There are male nurses in every nurse specialty -- from obstetrics to geriatrics to sexual assault examiners. But there seem to be certain specialties that attract a larger number of men. Some of the more popular specialties for male nurses include:

- **Certified Registered Nurse Anesthetist (CRNA):** One of the highest-paying professions in the nursing field, Certified Registered Nurse Anesthetists provide anesthesia care for patients undergoing surgical procedures. CRNAs earn an average salary of \$181,040/year. Read more on how to become a CRNA.
- **Emergency Room Nurse:** ER nurses deal with everything that comes through a hospital door, from trauma to life-threatening emergencies to small-town routine procedures. Pay can vary widely based on geographical area, and specialization within the ER is also available, the average annual compensation for ER nurses is \$75,061, according to Glassdoor.
- **ICU Nurse:** ICU nurses may have the opportunity to make as much as \$100K per year, depending on things like specialty certification, according to PayScale. Read more on how to become an ICU nurse.
- **Critical Care Nurse:** Salary.com lists an average critical care nurse salary from just under \$80K to over \$98K.
- **Flight Nurse:** Glassdoor reports a wide range of salaries for flight nurses, from \$43,000 to as high as \$87,000. Read more on how to become a flight nurse.

Career Prospects after B.Sc Nursing(Male) Course

Nurses do not go unemployed for long periods of time. They easily find jobs in hospitals, nursing homes, orphanages, old age homes, industries, sanatoriums, and the military forces, both private and government-run. They can also work for the Indian Red Cross Society, the Indian Nursing Council, the State Nursing Councils, and other nursing organizations

Here are some popular job profiles for B. Sc Nursing graduates:

- Staff Nurse
- Nursing Service Administrators
- Director of Nursing
- Department Supervisor
- Nursing Supervisor or Ward Sister
- Nursing Superintendent
- Community Health Nurse (CHN)
- Home Care Nurses
- Military Nurse
- Deputy Nursing Superintendent
- Teacher of Nursing
- Assistant Nursing Superintendent
- Industrial Nurse
- International Opportunities for your Nursing Career.

Career Prospects after B.Sc Nursing(Male) Course

Semester - 8

1. Internship (Intensive
practicum / Residency
posting)

Mandatory Module
ACLS

“Nursing is an art: and if it is to be made an art, it requires as exclusive a devotion, as hard a preparation, as any painter’s or sculptor’s work; for what is the having to do with dead canvas or cold marble, compared with having to do with the living body, the temple of God’s spirit? It is one of the Fine Arts: I had almost said the finest of the Fine Arts.”

—Florence Nightingale
